3. From the Engineer-in-Chief, Vijayawada. Lr. No. ENC(I)/EE/DEEI/ AEE2/IWS/ M/s Sri Venkateswara Ice & Cold storage, Dt.04-07-2025.

****

O R D E R:

In the proceeding 2nd read above, the Chief Engineer, Godavari Delta System, Dowlaiswaram accorded permission for water drawl to the firm M/s Sri Venkateswara Ice & Cold storage, Ajjamuru (V), Akiveedu (M), West Godavari District, to draw 10 KLD of water from Ajjamuru concrete sluice canal @ Km 62.623 of Left bank of Venkayya & Wayyeru (V&w) Canal for a period of 1 year subject to certain terms & conditions which was expired on 30.08.2024.

2. In the letter 3rd read above, the Engineer-in-Chief (Irrigation), Vijayawada has recommended the proposal to Government to issue necessary orders for according renewal permission to M/s Sri Venkateswara Ice & Cold Storage, Ajjamuru (V), Akiveedu (M), West Godavari District, for drawl of 10 KLD (0.004087 cusecs) of water from Ajjamuru concrete sluice canal at km 62.623 of left bank of the Venkayya & Wayyeru (V&W) Canal in West Godavari District for Industrial purpose for a further period of 05 years from the date of expiry i.e. with effect from **31-08-2024 to 30-08-2029,** subject to the following terms and conditions:

1. The water can be spared based on the availability of water in the Ajjamuru concrete sluice canal.
2. The water drawn from the channel should be utilized for the purpose for which permission is granted. Any misuse on this

Contd.P2

account shall entail cancellation of the permission without any notice and liable for imposition of penalty.

3. The industry should make its own storage arrangements during summer period i.e., during non supply of water to the canal.
4. The industry must strengthen the channel margin on either side of the proposed pump house/ off take point to avoid erosion of bank and to protect the existing channel margins as directed by the Department.
5. The firm should not create any objection for the Improvements/Modernization works to the said channel in future and they have to relocate the pump / off take point if necessary, with their own cost.
6. The Industry shall obtain the prior concurrence from concerned departments for laying of pipe lines and crossing etc., where ever necessary.
7. No field bodhi or pipeline shall be taken through or along with Government land without approval from the Government and if permission accorded by the Government, the lease should be paid as fixed by the Government only.
8. The Industry must acquire the private land for installation of pumping arrangements at their own cost. If the Industry proposes to utilize the Government land for installation of pump house, necessary permission is to be obtained from the Government for leasing the land and the lease amount fixed is to be paid by the Industry.
9. The Industry has to construct CC Walls to avoid leakage at pipeline crossings at their own cost.
10. A storage tank with sufficient capacity shall be constructed in their land at their own cost to accommodate the demand during the non-supply period of canal water.
11. The entire cost of construction of pump house, pipelines etc., should be borne by the industry only.
12. The permission does not confer any riparian rights to the Industry.
13. The proposed drawl for this plant should not affect Lower Riparian Rights (LRR) and Upper Riparian Rights (URR) in any manner.
14. The industry has to pay one-year water charges as advance and any amount due to the department before entering into agreement.
15. The firm should pay security deposit at 5% on water charges for which permission is granted.
16. The firm should pay water royalty charges as per Government Memo No.2772 dt.30.09.2015 at the rate of Rs.5.50/- per 1000 gallons as the water is used for consumptive use or at the revised rates fixed by the Government from time to time. In case of failure to pay water Charges/Royalty, the permissions to draw water shall stand cancelled.
17. The Industry has to pay water charges for the estimated quantity

Cond.P.3

in advance at the start of the Financial year i.e., before 10th April of every year as per BSO.

18. The Industry has to conclude the agreement with the officers concerned of the water resources department.
19. The industry should abide by any other conditions laid by the Department at later date.
20. The point of drawl should be as fixed by the Department.
21. A detailed plan showing the location of Intake arrangements, pump house, alignment of pipe line and conveyance system should be furnished to the department, for approval.
22. The consumptive utilization calculated per day fixed by the Department should not exceed under any circumstances.
23. The Water Resources Department is no way responsible for non-supply of water due to any reasons.
24. The Department is no way responsible for any damages that may occur to the off-take point and pump house during floods.
25. The Department is not responsible for any dispute that arises with neighboring industries and public and any legal matters.
26. The Water Resources Department reserves the right for cancellation of the permission without assigning any reasons thereof.
27. The firm has to produce the relevant records for departmental verification at the end of each quarter periodically.
28. Digital Water meters and measuring devices should be installed at the pump house by the industry at their own cost to measure the water consumed and should be made available to the department authorities at all times for inspection. The water meter shall be periodically calibrated and kept sealed. The period of calibration will be specified by the department.
29. The Industry should make their own arrangements to dispose the treated effluents as per norms of AP Pollution control board in their premises only and should obtain prior permission if any needed from the Government to dispose treated effluents in the natural resources. Necessary clearance from the AP Pollution control board is to be obtained in this regard by the firm before drawl of water from source.
30. The industry should follow the Revenue Board standing orders.
31. The annual requirement of water can be spared from River / Reservoir/ Canal. No more drawl shall be permitted, priority shall be given to Drinking water & Irrigation. when reservoir/canal receives lean flows.
32. The concerned Executive Engineer will be responsible for enforcing the conditions.
33. Non-Adherence to any of the above conditions by the industry will entail cancellation of the permission.

3. After careful examination of the matter, Government hereby accord

Contd.P.4

renewal of permission to M/s Sri Venkateswara Ice & Cold Storage, Ajjamuru (V), Akiveedu (M), West Godavari Dist., for drawl of 10 KLD (0.004087 cusecs) of water from Ajjamuru concrete sluice canal at km 62.623 of left bank of the Venkayya & Wayyeru (V&W) Canal in West Godavari District for Industrial purpose for a further period of 05 years from the date of expiry i.e. with effect from **31-08-2024 to 30-08-2029,** subject to the terms and conditions as mentioned at para-2 above.

4. The Engineer-in-Chief (Irrigation), Water Resources Department, Vijayawada, the Chief Engineer, Godavari Delta System, Dowlaiswaram and the Collector & District Magistrate of West Godavari District, shall take necessary action accordingly.

(BY ORDER AND IN THE NAME OF THE GOVERNOR OF ANDHRA PRADESH)
